RE: FDA DECLARATION FOR EPDM

With the present document, we herewith declare that the following compound in EPDM polymer basis named "P 661" (grey colour) is produced using polymers suitable for food contact.

All polymers and ingredients used for the realization of the compound are suitable, in quality and quantity, for food contact according to the Food and Drug Administration (FDA) regulation 21 CFR 177.2600.

With best regards.
